

Project List

This is a list of ideas, however, you are welcome to visit our facility and meet with a member of our staff to assess our needs and discuss other ideas.

*We do not generally have the ability to fund these projects.

*If you do a remodeling project, you must provide a detailed plan prior to working on the project. You must include in your plan proper preparation work.

<u>Adopt-a-Room</u>	
Choose a room that needs remodeling. You are welcome to visit our facility, view these rooms, and choose one according to your skills and resources.	
<u>Carpeting/ Flooring</u>	Our lobbies, hallways, stairs, play therapy rooms, or offices all have flooring that hasn't been replaced in nearly 20 years. Any of those areas are in need of new flooring.
<u>Nursery Kitchen</u>	This is where we prepare food and feed children in the nursery. This space could use a complete remodel (new counter tops, new sink, new paint). At a minimum, we need a new sink installed.

<u>Outdoor Projects</u>	
<u>Concrete Repair</u>	There are several concrete areas around our building and on our retaining wall that are cracked, chipped, or crumbling. Any or all of those areas need repairs.
<u>Ceiling leaks</u>	We have a couple of leaks in the ceiling that need to be repaired. Someone with experience that can help us identify the source of the leak (roof, AC unit, pipes, etc.) and what is needed to fix it, is appreciated.

<u>Awareness Campaign</u>	
A volunteer group or eagle scout can organize a campaign to inform the community of the services we provide. This can be a creative approach (parade floats, YouTube video series, etc.) or a more traditional approach (running a booth at a community event, etc.). This would require meeting with staff members and spending some time at the agency to become familiar with our services prior to organizing a campaign.	
Additionally, or as a separate project, we could use help distributing our brochures to community resource agencies throughout the valley (i.e. Libraries, Doctor offices, etc.)	

<u>Donation Drive</u>	
A volunteer group or eagle scout can organize a donation drive; however, they MUST discuss our donation needs with us prior to organizing a donation drive. We have specific needs and limited storage space.
